

Vijay

B.Tech Graduate | Web Developer

About Me

Hello! I'm Vijay, a passionate web developer with skills in front-end technologies like HTML, CSS, and JavaScript. I enjoy creating user-friendly and accessible websites.

Skills

- HTML5, CSS3, JavaScript
- Responsive Design
- Git & GitHub
- Basic React & Node.js

Projects

Portfolio Website

A personal website showcasing my skills, projects, and resume using HTML, CSS, and JavaScript.

Weather App

A simple app that fetches weather data using a public API and displays it beautifully with responsive design.

To-Do List

A task management app built with HTML, CSS, and JavaScript with localStorage support.
